Johannesburg, Gauteng

Summary

A passionate and detail-oriented full-stack developer with a solid foundation in front-end and backend technologies. Seeking to apply my skills and knowledge in a dynamic environment through an internship or junior developer position where I can contribute to real-world projects and further develop my expertise.

Experience

Junior Software Developer

Tshimologong Precinct • Johannesburg, Gauteng   07/2023 - 06/2024

- Design, develop, and maintain applications according to business requirements.
- Write clean, efficient, and well-documented code using Java SE.
- Utilize frameworks such as Spring and Hibernate to build robust applications.
- Perform code reviews and optimize existing code for better performance and scalability.
- Implement Security measures to protect applications and data.

Business Analyst Intern

Dynamic DNA • Randburg, Gauteng   05/2022 - 04/2023

- Assist in conducting interviews and surveys with stakeholders to gather information about their needs and expectations
- Document and organize the requirements in a clear and concise manner.
- Collect and analyze data to identify trends, patterns, and insights that can inform business decisions.
- Create flowcharts,diagrams, and process maps to visually represent current processes.
- Conduct research on industry trends, competitors, and market conditions to support strategic decision-making

System Developer Intern

Dynamic DNA • Randburg, Gauteng   03/2021 - 02/2022

- Maintaining and upgrading existing system as required.
- Design new computer systems and frameworks.
- Troubleshooting technical issues.
- Collaborating with Business Analysts, Project Leads, and IT team to resolve issues and ensure solutions are viable.
- Recommend practical solutions for complex problems throughout all phases of SDLC.

Education

National Diploma in Software Development

Tshwane University of Technology • Pretoria, Gauteng   04/2024

- Overcoming personal and academic challenges to complete my degree successfully.
- Took the initiative in self-learning and utilized additional resources to strengthen my understanding of key concepts, ensuring successful graduation.
